

VIYU NETWORK SOLUTIONS RECOGNIZED ON CRN'S 2020 MSP500 LIST IN THE PIONEER 250 CATEGORY

RICHARDSON TX – March 5th, 2020 – Viyu Network Solutions, a leading provider of IT solutions for business and industry, announced today that CRN®, a brand of The Channel Company, has named Viyu Network Solutions to its 2020 Managed Service Provider (MSP) 500 list in the Pioneer 250 category. This popular list identifies North American solution providers that deliver operational efficiencies, IT system improvements, and a higher rate of return on investments for their customers. These accomplished MSPs work tirelessly to guide their customers and create solutions for complex IT issues.

This annual list is divided into three categories: the MSP Pioneer 250 who are focused primarily on the SMB market; the MSP Elite 150, large data center-focused on- and off-premises; and the Managed Security 100 made up of off-premises-focused, cloud-based IT security services.

“We are thrilled to be recognized for the first time by CRN as one of the world’s premier MSPs,” said Chris Scott, CEO of Viyu Network Solutions. “It’s an honor to lead a company that puts our clients’ needs first, and then develops solutions using industry-proven technology to solve their problems. The opportunity ahead for Viyu is truly outstanding. Continuing to grow our team with exceptional talent and staying nimble, while holding true to our roots of delivering unprecedented customer service, will be the key to our continued success.”

The MSP500 list is featured in the February 2020 issue of CRN and online at <http://www.crn.com/msp500>.
