

VIYU HELPS ELAND ENERGY SEAMLESSLY TRANSITION HEADQUARTERS

CLIENT:

Eland Energy, Inc.

INDUSTRY:

Oil and Natural Gas Explorations

SIZE:

Mid-Market

LOCATIONS:

- 6 offices in 5 states
- 9 drilling rigs and about 80 oil pumps

"When you imagine a typical implementation, you imagine there is a list of recommended products, a strategy, timeline, and so on. But Viyu helped me far beyond that. It was never a 'check the boxes' approach. Viyu cared about relieving me from all that was already on my plate by making the transition seamless."

Ted Wiley

IT Director, Eland Energy

CHALLENGE

Eland Energy is an independent oil and natural gas exploration company founded in 1984. Eland needed to relocate its entire headquarters in a seamless transition and improve its networking and telecommunications capabilities.

- Relocate headquarters seamlessly
- Increase infrastructure reliability
- Improve network bandwidth
- Add wireless roaming capabilities
- Implement flexible phone systems

SOLUTION

- Cisco 4510 Chassis - 10GB Core Network Solution
- Cisco Business Edition 6000 multi-site phone systems
- Cisco Wireless Controller & Multi-Floor Access Points
- Cisco Video Collaborations Solution
- Cisco Prime Appliance

OUTCOME

- Seamless transition to new headquarters
- Telecommunications and network at new location setup in one weekend
- Uniform phone systems installed
- Video conferencing capabilities installed
- Network bandwidth improved
- Wireless roaming capabilities added
- Improved reliability of infrastructure
